## Miss Crawford Queen Of Clubs

Well, the news is out and the counting has been done. And Memphis and the Tri-State Defender Queen of Clubs is Miss Clemon Crawford of 1965 Hunter ave.

A jubilant, ecstatic Miss Crawford was given the tremendous jackpot of prizes from the Tri-State Defender last Saturday. While in bed with the flu, Mrs. Crawford wasn't too ill to say that she was "overjoyed and very thrilled" to have been the winner of such a cache that included an Admiral Stereophonic Hi-Fi set

with matching speaker; vacation for two for seven days at the luxurious Sir John Hotel in Miami; \$100 worth of long playing records; beautiful three-piece Oshkosh luggage set, just like the set used by Miss America; lovely Philco table model radio; and much more.

While the Defender was glad and proud to honor Miss Crawford with the gifts we hasten to say that she is certainly due them. In the vote getting department she stepped out front, and after a hard fight from Mrs. Nellie Collins of West Memphis, she finally won out by amassing 20,610 votes.

Mrs. Collins rung up the impressive total of 13,640 votes but it just wasn't enough. She was awarded the magnificent Admiral Custom Dual-Temp refrigerator.

Mrs. Clemmie Bosley of 551 So. Mendenhall rd., almost pushed Mrs. Collins out of second place with 12,340 votes. For her fine work she was gifted with the third prize of a sensational Eureka Vacuum Cleaner with all attachments.

In fourth place came Mrs. Bernette Bridgfort, 2,490. Following her was Mrs. Louise Holloway, 1,780 and Mrs. Nellie Humes, 610 votes.

At present E. F. Palmer, Jr., editor and general manager of the Tri-State Defender and chief photographer George Hardin are on tour of Montgomery, Ala.; Chattanooga, and Nashville, Tenn.; Charlotte, and Greensboro, N. C.; and Norfolk, Va., for a dynamic and penetrating picture-news series of this latest and dramatic step in the Negro's fight for first-class citizenship.

Watch for this revealing series in forthcoming issues of the Tri-State Defender.

## DARK Shadows

by NAT D. WILLIAMS

### GET IN STEP

Things are happening so fast on the racial front until it's easy to get the impression that one is not in the main stream of things happening.

The so-called "sit-in" strike among the older adolescents. The Civil Rights issue has made the United States Congress become the forensic wonder of the world. Periodic splutterings from the Little Rock sector keep the Mid-South in a dither. Black nations in Africa are bursting out all over like baby chicks cracking old egg shells. Negro skilled workmen are complaining louder and louder about not being able to find work suitable for their talents. Folks are arguing and throwing bricks and bombs hither and yon at Negroes with the nerve to seek better housing. White neighbors are beginning to draw up tighter and tighter in the presence of old dark friends. Yep, the "rising tide of color" is much and much with us. And a lot of folk don't know whether to stop that knocking in their knees by kneeling on them, or bending them in some swift take-off running.

Yet, as one Memphian observed the other day, the thing to do is "to figure out for one's self what is the right direction . . . and get in step with folks going your way."

Well, now, it's a fact that for every Negro of even ordinary intelligence . . . high, low, or in-between, the right direction is that leading to full, dignified citizenship in our country, the United States of America . . . and in the world, which God made for all men's dwelling place. True, there are still some Negroes who have managed to

keep from declaring themselves publicly as to what steps ought to be taken. But the fact remains that it's mighty hard to find a Negro anywhere hereabouts or thereabouts who honestly doesn't want to be treated like a human being . . . like his fellow Americans.

But there are different kinds of Negroes, just like there are different kinds of individuals among all other races. In all groups of folks there are some who are bold and outspoken . . . some who are timid and cautious about what they say. In all groups there are some who would challenge the gods that be and suffer dire consequences for all. Among all groups there are some who believe that it is possible to make progress by employing reason and common sense to any situation. Some are in a hurry and want the good things now. Some are willing to make haste slowly and let things come about gradually. But all have one thing in common . . . all want things to "come about" in the direction of a better deal.

Now, that's the score with Negroes. All want a better deal. Some are willing to take a chance on one throw of the dice and take all or nothing now. Others would rather play it like a game of checkers and take time to ponder every move, with the aim of making every move count in the desired direction.

The time has come for every individual Negro to come out in his true colors . . . aligned with one group or the other. The time is ripe because national attention is so focussed on the Negro until he is in a spotlight. The time is ripe. See SHADOWS, Page 2

QUEEN WINNERS — Miss Clemon Crawford walked away with the title "Queen of Clubs" title last week after an intensive contest period covering several months. Miss Crawford, left, is seen jubilantly holding a few of the

records she won along with the luggage set in the background sitting on top of the combination Hi-Fi Admiral, Stereophonic record player. Mrs. Clemmie Bosley, right, of 511 So. Mendenhall rd., came in third and won for herself the amazing Eureka vacuum cleaner. Mrs. Crawford's winning vote total was 10,610. Mrs. Bosley took third with 12,340 votes. Mrs. Nellie Collins was second with 13,640 votes. She won a magnificent Admiral Custom Dual-Temp refrigerator.

She was a librarian at Porter school. Mrs. Flagg gained entrance to the fraternity by her high scholastic average achieved at Atlanta University School of Library Science. She went to Atlanta university after leaving Porter, to gain her master's degree.

Membership in the fraternity is open to library schools accredited by the Board of Education for Librarianship of the American Library Association whose grade point is 3.5 and higher.

Mrs. Flagg's grade average at Atlanta U. was 3.84.

## Accuse Negroes Of Helping Faubus Win

Several influential members of Little Rock's Negro community supported Orval Faubus in his last trip for Governor of Arkansas.

This is reported by Louis E. Lomax, himself a Negro, writing in the March issue of Harper's Magazine.

According to Lomax, some Negro school teachers in Little Rock kept significantly silent about the integration flare-up at Central High school in their City.

Also, he says, a number of Negro clergymen were able to get their wives jobs as public school teachers because these clergymen had either covertly supported Faubus or publicly counseled patience and long suffering on the race issue.

In Little Rock, Lomax reports, the lower-middle-class Negroes insist on integration, while the upper-middle-class Negroes keep silent.

"The Little Rock clergymen and teachers have simply refused to enter the fray," he writes. "Relations among Little Rock's Negro population are so strained that I was able to verify a report that several Negro women are actually keeping count of the new dresses worn by Mrs. Daisy Bates, the NAACP leader in hopes that she is living beyond her means and is thus misappropriating funds sent to the Little Rock Nine by well-wishers from across the nation and world."

In his article, Lomax says that Orval Faubus may run for the Senate in 1960, opposing Senator John McClellan or may run for an unprecedented fourth term as Governor, hoping to challenge Senator Fulbright in 1962.

Officers are Omar Robinson, first vice president; Mrs. Kathleen Irby, second vice president; Mrs. Barbara Wilson, secretary; Mrs. Myrtis Ewell, assistant secretary; and Mrs. Gustava Kemp, treasurer.

## New Pension Plan Offered Veterans

Approximately 31,000 veterans and dependents in Tennessee will be offered a choice between the old and new pension systems, Harry G. Phillips, Officer-in-Charge of the VA Office in Memphis, announced recently.

These veterans and dependents are those already on the pension rolls and are currently receiving pension checks.

Under provisions of the law, they may continue to receive their present pension payments. If they do, they are subject to the regulations and income limits of the present system.

Should they choose to come under the new pension law, however, their payments will be regulated by the provisions of the new law, Phillips said.

Phillips pointed out that a choice has been made to come under the new pension, it cannot be changed. The pension recipient can never return to the system established by the present law.

On the other hand, he added, there is no necessity to make a quick choice between the old and the new law. There is no deadline for decision, and pension recipients may continue to receive present payments as long as they are eligible.

Each pension recipient will receive in the mail with his next pension check, a pamphlet explaining the choice and giving full particulars on both laws. Instructions for filling out a card to signify his choice will also be enclosed.

Any information about old or new pension laws may be obtained at the nearest VA Office, Phillips said.

Mrs. Booth said the symposium at Pentacostal will be angled around the theme: "What Parents Can Do to Motivate, Challenge, Inspire and Encourage Their Children to Attend college."

Speakers, she said, will discuss how college costs can be met and how parents can help

their children get ready for college.

Parents attending the symposium will be given an opportunity to ask questions, Mrs. Booth said.

Speakers for the symposium are Rev. B. L. Hooks, pastor of Middle Baptist church; A. C. Williams, disc jockey and program consultant at WDIA; Mrs. A. A. (Rose) Branch, a Link and member of the Tougaloo college faculty in Mississippi; and Mrs. Vasco (Maxine) Smith, president of the local chapter of Delta Sigma Theta Sorority.

## Remember Girls Endearment Term Labels The Guy

LONDON — (UPI) — The Sunday Pictorial has said that if a man calls a girl "my dear," he is in his 50's and if he calls her "young lady" "he's between 40 and a bit more."

The Pictorial's "Guide For Young Ladies" said the term "sweetie pie" means the man's in his 30's; "my darling" means his late 20's; "babe" that he's a teen-ager, and "hey you" that he's too young to matter.

The Wonder High school assembly held Feb. 20 had as its guest Chastler Durlay from the Arkansas Agriculture Department. Mr. Durlay spoke on the many jobs open for experienced ag people. Mr. Durlay also told of his work as a conservationist and made comments on the field in general. It was one of Wonder's most interesting evenings.

## THE Pulpit SPEAKS

REV. C. THOMAS PAIGE

"What man of you, having a shepherd left the found sheep hundred sheep, if he lose one of them, doth not leave the ninety and nine in the wilderness, and go after that which was lost until he find it?"

What is more disturbing today than the vast host of lost among us? In the same token of thinking what is more startling than the lack of concern on the part of people who are in supposedly places of responsibility? The world is divided into two camps—the lost and the found.

The passage of scripture used for the basis of our thinking today is wrapped up in the fact that there should be concern on the part of each of us for those of us who fail to live up to the expectations of the demands placed upon us. Many times those who are lost are not lost out of carelessness but because they could not keep up. The basic factor of being a part of the group—whether sheep or people—is predicated upon being able to keep up.

To man the problem of not getting lost is much more tedious than with the animals. Man moves around so many areas that not to get lost is an ever present problem. Oftentimes man gets lost in his pursuit for power, or social prestige, or economic security. But whatever area he is lost, the very fact that he is lost is a challenge on the part of us who are not lost to be in a position to find those who are lost or help them find themselves.

The big factor in this story that those people who are found are in such a position that they are able to take care of themselves. Thus we find the Biblical account saying that the

lost are the ones who need constant guard. The key to the whole matter rests not with the lost but with the desire on the part of the found to do those things which are noblest and most worthwhile.

All about us we see evidence of the lost at work. Our world is filled up with the handiworks of the lost. The breakdown of family life, of concern for law and order, or for an appreciation of the finer things of life are all evidences that there are 'lost' among us. There must be some type of fortification among the found that they will be in a position to help in all emergencies that arise in human behavior that make for a better world.

This shepherd left the found in the wilderness because he felt the pressing urge to go back and find the lost. This event brings out something else for each of us. We must be ever concerned for the lost among us. There can never be happiness on the part of all of us as long as there is a lost element among us. In this day and time we must not forget our right to hold on to that which is most meaningful and worthwhile. The lost among us should always be a concern. Only in proportion to the fact that we have a concern for the weaker and lost among us will the world ever be better. We forfeit our right for existence if we think and act different.

Far removed from the parable of the lost sheep in Biblical times is the fact that even today we live in the midst of a parallelism that prevents this world from living or existing on its highest level. Those who are strong and found must rise up in all areas of human behavior and thereby find the lost. Rev. S. H. Herring of St. Paul Baptist church told me yesterday that the only salvation man has today is identifying himself with noble ideas and movement. How true. What will be a far better place in which to live. In this I mean live in the truest sense of the word.

**Sees 3 Major Crisis In U. S.**  
A law professor at Columbia University Sunday called on American educators to take the lead in preparing the country for three major crises which lie ahead.

Prof. Adolph A. Berle jr., told 1,500 college deans, presidents and teachers at the opening session of the 15th National Conference on Higher Education that he believed the U. S. "will have reverses, possibly serious ones, in the next few years."

Berle predicted first there will be an economic recession both these events.

Second, he said, there will be "turbulence" in foreign affairs, which could come at any time, and third there will be an American moral crisis, "either separately or in connection with

within the next three years, possibly "as soon as late summer 1960."

That was Airman 1C James Miller, 24, of Flushing, N. Y., talking. He married his pert, brown-eyed brunette, Pamela, in 1957.

# NASHVILLE ON THE GO

By MARGARET SIMMS

NASHVILLE — Nashville has about given up the gaiety of social life this week to join in sympathy with our students who are so bravely taking a stand for right. All of us must feel that we have been derelict in our duty up to a point because we have not been so courageous or so dedicated that we were willing to give up our Saturday afternoon bridge to let the city and the world know how we felt about the situations which exist in our community. The YOUNG PEOPLE DID but believe me the WORLD does KNOW. I keep going over and over in my mind the words of a poem written by Langston Hughes — "Good is promised much in the Book, I know, but one grows weary of turning cheek to blow." We are told that there is no great loss without some small gain. We are hoping for that gain.

There were 52 Countries represented at the United Nations Dinner which was held at Christ Church last week end. Dr. Kermit King, former president of Monrovia college, Liberia, West Africa, and now back at A&I State university was elected to the Board of Directors. He is an able and intelligent man who gained the respect of many Nashvillians when he was a consultant at the AAUN workshop in the fall.

The Progressive Matrons real had a beautiful party at the Blue Triangle YWCA. Mrs. N. S. Holiday and her committee made beautiful corsages and center pieces out of pink tissues which were sprayed with shiny dust. The Menu was elaborate and very delicious. Mrs. S. H. Fleming catered and is known for beautiful table settings.

Among the beautifully dressed guest were Mrs. Pearl Creswell, Mrs. Edith Work, Mrs. Carrie Hull and Mrs. Alta Mae Turpin. Games of real skill were conducted by Mrs. Anna Kelly and none of us were very adept at solving the puzzles. New members introduced to the club were Mrs. Edward Maxwell, Mrs. Julia Johnson and Mrs. J. Bright.

Mrs. John A. Thomas, chairman of program committee for the Nashville Chapter of National Council of Negro Women assures us that the Annual Public Recognition services of the council will be very outstanding this year.

The meeting will be held at St. Andrews Presbyterian church on Sunday, March 13, at 4 p. m.

The program will include an address by Rev. Ernest Dixon of the Methodist Board of Education and music by two groups: St. Andrews choir and the undergraduate chapter of Alpha Kappa Alpha sorority. A reception will be held immediately following the program in the social room of the church. Rev. William Alexander is pastor and will participate in the program. Local affiliate organizations will present Scrolls of Merit to outstanding youths of the community.

Final plans are going forward for the Community Conference

on Employment Opportunities which is to be held in Parham Hall, Fisk university, April 8, and 9. This is a volunteer community movement of which Dr. W. T. Dooley is chairman. There are 41 organizations listed as sponsors.

Miss Lilly Patricia Walker, daughter of Mr. and Mrs. Macco Walker of Memphis is a four point student at Fisk looking toward graduation in June. She traveled to Chicago last week-end not only to witness the Fisk-Morehouse Basketball game but to take entrance examinations at the University of Chicago.

Congratulations have come from many of my readers, I do thank you. I would like to mention Harold Love of the Atlanta Life Insurance company and the really nice letter he wrote me. Also Willard Bowden, a former Memphis who reads Tri-State Defender regularly.

Joseph Albright is doing a little political work in connection with his public relations job. Congratulations to him for helping this community to know something about our candidates.

## Tennessee Becoming 'One Big Party Line,' Data Reports

The impact of the Southern Bell Telephone Company's operations on Tennessee's and the South's economy is illustrated by the firm's 1959 Annual Report. Southern Bell serves 168 exchanges in Tennessee.

As the year ended, there were 940,533 Southern Bell telephones in the state, 56,760 more than at the close of 1958.

The company payroll in Tennessee was \$38,600,000 for 1959, the report shows. Employees, spread over a big part of the state, numbered 8987. Taxes paid to Federal State and local agencies totaled \$23,500,000. Last year the company built \$27,834,034 worth of new facilities in Tennessee.

ADD 550,000 PHONES President Ben S. Gilmore, in making the report for the directors, disclosed that in the South as a whole, a new record was set when more than 550,000 Southern Bell Telephones were added in 1959 a new high by some 78,000 telephones. Of these, 215,000 were residence extensions, reflecting the trend toward more telephones in each home.

The number of Southern Bell telephones more than doubled in the past 10 years, which the report described as "our busiest decade." The company now operates more than 6,825,000 telephones compared to about 3,000,000 at the beginning of the 1950's.

Local calls made over Southern Bell telephones in the single year 1959 averaged nearly 42 million daily, nearly 15 and one half million more than a decade ago. Long distance calls averaged over one million daily, double the number a decade ago.

"MILLION DOLLAR PLANT" Demonstrating its faith in the continued economic growth of the South, the company, in its nine-state territory, constructed \$265 million of new facilities, equivalent to a "million-dollar plant" each working day. Construction totaled \$250 million in 1959.

Southern Bell's wage costs for the year totaled \$33,000,000, up \$23,400,000 over 1958. The company has 66,000 employees. Tax payments to Federal state and local agencies in 1959 amounted to nearly \$168 million. This does not include the nearly \$36 million in Federal excise tax on telephone service paid by customers. Total taxes amounted to \$2.98 per telephone per month.

"The company has long pointed out," said the report, "that the excise tax, enacted as an emergency measure, should be eliminated. As it is, essential telephone service is the only utility service now so taxed along with luxury items."

The report stated that the per-share earnings of \$1.89, while at a slightly higher rate than for 1958, were short of what they should be and were below the level of other businesses generally, regulated and non-regulated. It continued: "We must compete with other businesses for materials, supplies, competent employees and capital. Our earnings should be more in harmony with theirs than they are now or have been since the war. Good earnings make it possible, in the long run, to provide better telephone service at a lower price than would otherwise be possible."

## Picketing On The Spread

NEW YORK — Picketing of Woolworth stores in support of the student lunch counter protest continued to spread in the North this weekend. Thousands of individuals picketed more than 25 locations of the chain store.

Boston CORE chairman Charles Crawford reported that 150 members and supporters picketed 10 stores in Metropolitan Boston. "Response ranged from good to more than 90 percent" according to Crawford. Boston CORE plans to extend its picketing to additional stores this week.

"MORE EFFECTIVE" In New York City there were nine picket lines — eight before Woolworth stores and one before a Kress outlet. Tom Roberts, chairman of New York City CORE, reported that "The CORE picket lines are becoming more and more effective. Many people have expressed shock that a national chain has continued to bow to

outworn patterns of discrimination." In New York picket lines were also sponsored by Anti-Communist church, the Astoria NAACP, the Lower Harlem Tenants Council, the East Harlem Reform Democrats, and the Greenwich Village ADA.

Rev. Marvin Ceynar, chairman of Chicago CORE, reports of their picket lines: "When we

came the store was full. When we looked in again after a half-hour it was practically deserted. Two women who did go in apologized afterwards and said they did not realize in time."

There are also picket lines in Philadelphia, Madison, Wis., Berkeley, Calif., and in other communities across the country.

## Urge Madison Execs To Ask Policy End

MADISON, Wis. — (UPI) — Two local chain store managers were urged Monday to ask their national office to stop discriminatory policies in southern communities.

The requests came from Odell Tallafiero and William A. Peterson, presidents of two local branches of the National Association for the Advancement of Colored People.

Tallafiero is president of the Madison branch, and Peterson is head of the University of Wisconsin NAACP chapter.

The appeal was made in an open letter to the managers of the F. W. Woolworth and Kress dime store outlets here. Both stores were picketed Saturday by University of Wisconsin students protesting discrimination against Negroes at lunch counters in the chain's southern outlets.

"We do not hold you gentlemen personally responsible for this ludicrous and despicable arrangement, but we do urge that you appeal to your respective New York offices to dis-

## A Guide To Good EATING

By GRACE WILLIAMS

Just as milady likes to don her Spring bonnet prior to the advent of spring, she also likes a change in the eating habits—a change from the hearty dishes associated with winter to something lighter, yet nourishing.

The Lenten season, whether or not it is observed at your house, is a good time to make the transition. Protein — rich, creamy cottage cheese is a good food with which to make the transition. One pound of cottage cheese costs about half as much as a pound of good quality lean meat and you get twice as much protein for your money.

Actually, cottage cheese is a concentrated form of milk and contains much of the nutriment of milk.

In addition to protein it is a valuable source of riboflavin, and phosphorus and contains a significant amount of calcium. When creamed cottage cheese is used the cream adds vitamin A to this list.

Like all dairy products cottage cheese is perishable and should be kept covered, refrigerated and eaten while fresh. Like all protein foods when used in cooking it should be cooked with low heat.

From breakfast to your bedtime snack cottage cheese can play a definite role in your Lenten meals. Use it in pancakes, salads, soups, dips and as sandwich filling. Speaking of sandwiches, here is a recipe for a toasted cottage cheese salad sandwich. It makes an excellent luncheon or supper main dish. This recipe was taken from our "Cottage Cheese Recipe Booklet." When you have tried it you will want to get a copy of this booklet and try other cottage cheese dishes.

### TOASTED COTTAGE CHEESE SALAD SANDWICH

- 1 cup creamed cottage cheese
- 1 teaspoon salt, dash of pepper
- 2 tablespoons chopped green pepper
- 1 tablespoon finely chopped onion
- 4 slices rye bread
- 4 large, thin tomato slices
- 2 tablespoons butter

Blend the first five ingredients together. Toast bread on one side; butter the other side and spread with the cottage cheese mixture. Top each with a tomato slice, place under broiler about 5 minutes or until tomatoes are soft. Serve hot. Makes four sandwiches.

## Black Market In Dogs Probed

NEW HAVEN, Conn. — (UPI) — State police pressed their investigation Monday into an alleged dog black market in which stray dogs were sold by some New Haven County dog wardens to an unwitting Yale University after being listed as "destroyed."

State Police Detective Johnny Maroney indicated that more arrests were likely in addition to those of nine wardens or former wardens.

Maroney said the racket involved the sale of dogs picked up off the street by dog catchers to John E. Cecarelli, 33, North Branford Warden. The detective said Cecarelli paid \$2 for the dogs, then sold the animals to Yale for medical research for \$7.

Maroney said the wardens also collected \$4 fees from their towns for allegedly "destroying" the dogs. In some cases, he said, the wardens also collected \$4 fees from dog owners who wanted their animals put to death.

### Navy Jet Crashes

TOKYO, — (UPI) — An American navy F4 "Fury" jet fighter on a routine training flight crashed and burned Monday near Tachikawa Air Force base on the outskirts of Tokyo.

A navy announcement said Pilot Lt. Alvin Tomlinson, Detroit, Mich., ejected from the plane and parachuted uninjured. He was picked up and returned to the big U. S. base by a Marine corps helicopter.

Neither of the two NAACP branches were involved in Saturday's picketing, but both officials Monday supported the southern protests that have been occurring for the past two weeks.

## LamaoureuxSymphony Coming To A&I State

NASHVILLE — Music from the Champs Elysees is slated to fill Tennessee State university's gymnasium March 21, as Paris' Lamaoureux symphony orchestra presents the University's second lyceum program of the season.

The 91-piece orchestra is one of Paris' three major orchestras and was founded by conductor Charles Lamaoureux in 1881. The orchestra has grown to be one of the most treasured institutions in the musical life of France for the "excitement" engendered at their concerts.

S. Hurok presents the Lamaoureux orchestra to the United States for the first time under the direction of Igor Markevitch. Conductor Markevitch made his American debut with the Boston Symphony in 1955.

after nearly 30 years of musical experience in Europe. For many years the bright young star of European music festivals, Mr. Markevitch, as a pianist, composer and conductor, has been featured in Boston, Philadelphia, Washington, San Francisco, New York, Cleveland and St. Louis.

Now on tour with his own orchestra for the first time in America the Markevitch "new sound" creates the current "Lamaoureux excitement" in the latest French export to be seen here.

## CONSTIPATED? Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid to regularity is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granular.

## British Boycott South Africa

With a mass rally in Trafalgar Square, torch-light parades and other extravaganzas, the unofficial campaign was launched in London for boycotting South African goods during this month.

So far the boycott has been enthusiastically joined by various bodies, but some agencies whose commercial interests would be harmed by the ban, have been much more circumspect.

The ordinary Londoner, who hates South Africa's racial policies, must now find himself torn between two emotions. On the one hand, he may devoutly wish that this whole exercise had never been started; but on the other, now that it is started, it would not be pleasant if it proved to be a complete fiasco.

Trade boycotts are almost always impossibly clumsy weapons. There is no real prospect of their altering the policies of foreign governments. Their usual effect is to make these governments more fiercely popular with their own electorates.

The only respectable argument for this boycott was a gesture of solidarity with the black South Africans who have called for it. If one believed that the name of the British government stank in the nostrils of African nationalists everywhere, there was an understandable temptation to seize at any gesture which might show Africans that the

## The Sorry Sight In The Senate

When a deliberative body in a democracy can tolerate such abuses of parliamentary privilege as the U.S. Senate is presently displaying, it is time to wonder whether democracy is for fools or for men of reason.

What is still more bewildering is how eighteen sub-normal Dixie Senators who've got just enough brains to sell snake oil under a circus tent, can be permitted to stall for days the whole legislative machinery of the Senate.

On no other issue, except civil rights, would they have been allowed to babble so long. Yet their jabbering amounts technically to an attack upon constitutional provisions which they dare not face as such.

All the principles sought under the civil rights proposals are within the realm of application of the 14th and 15th Amendments. All a legislation in that field does is to give the appropriate branch of the Federal government the necessary enforcement power to see that the constitutional warrants are carried out.

But the American people are told that attempts are being made to foist upon the South "humiliation and insult." They are told that the North is trying to change the mores of the folk below the Mason-Dixon line.

These Cassandra cries are raised to keep the Southern Negro from the ballot box, a right which is guaranteed by the 14th Amendment; to keep him from being integrated in public schools, a right which has been reaffirmed time

## Package Tours-Racial Bias

Discrimination on racial basis by hotels and resorts was sharply jolted into reasonable channel by quick and uncompromising action of the New York State Commission Against Discrimination. It was pointed out forcefully that even though out-of-state hotels and resorts were beyond the Commission's jurisdiction, their agents, acting for them in New York State, are not, and would be held strictly accountable for their actions in the light of the New York law.

The Commission's investigation uncovered damaging evidence of conspiracy to deny hotels accommodations sought for by non-white guests. Two Negro women, who attempted to make reservations for a tour, were told by an agency representative of airlines company that the hotel in which they requested reservations would not accept Negroes.

The airlines' position was that it

# Military Bases Aid Desegregation

NASHVILLE, Tenn. — The presence of military bases has sped school desegregation in federal district court at Pensacola, Fla. — A suit filed in the federal district court at Pensacola, Fla., challenged school segregation in the county in Florida.

The paper's state correspondent reported in a special survey that military officials, through agreements with local officials, helped initiate desegregation in Arkansas, Maryland, North Carolina, Tennessee and Texas.

Three Deep South states—Alabama, Mississippi and Louisiana—have no desegregation in any public elementary or secondary schools, and the military bases in these states do not operate on-base schools.

In Georgia and South Carolina—the other two states with complete public school segregation—a single on-base school operated by the federal government represents the state's only integration. The Armed Forces follow a strict policy of integration.

In other southern and border states the degree of desegregation varies. A Pentagon spokesman told Southern School News that where military dependents attend off-base schools, the services follow "customs and decisions of local agencies."

**FEDERAL SCHOOLS**  
Some 70,000 children of military personnel attend off-post classrooms in the South. Pending civil rights legislation would provide federal schools for these children in cases where public schools are closed to avoid integration.

The monthly newspaper also reported in its March issue that pressure to desegregate public schools increased in six southern and border states during February.

These were the month's developments by states:  
**ALABAMA** — Gov. John Patterson's position that Alabama's public schools be closed before yielding even to token integration was challenged.

**ARKANSAS** — In Arkansas's Dollarway desegregation case, a federal district judge refused to overrule a pupil assignment law and order three Negroes admitted to an all-white school. However, the judge instructed the Dollarway board to end segregation.

**DELAWARE** — The State Board of Education denied a charge that expansion of existing Negro schools meant a policy to "perpetuate desegregation."

**WEST VIRGINIA** — Gov. Cecil Underwood considered calling a special legislative session to unravel a problem over appointment of a state mental health chief. One of the likely candidates is a Negro doctor.

**TEXAS** — For the fourth time in a five-year-old suit, the NAACP asked the U. S. Fifth Circuit Court of Appeals to order Dallas to produce a desegregation plan.

**VIRGINIA** — All three members of Virginia's Pupil Placement Board resigned Feb. 24 in protest against the state's new "freedom of choice" school segregation policy.

**NEW YORK** — Negro organizations protested the lack of Negro trustees on the board for South Carolina State college.

**TENNESSEE** — A demand for desegregation of Chattanooga public schools came in the midst of a series of lunch counter "sitdowns" in which violence erupted in the downtown business section.

"New York is a great big old city," said Jesse B. Semple, "and Harlem is a great big old town. But this is just a little-bitty bar."

"And you are a rather small man," I said.

"But I got the whole world inside of me," declared Simple. "And all the radio stations, and every TV channel picks up in my eyes. You may not know it, man, but I am me—Jesse B. Semple."

"Both the Democratic and the Republican parties want my vote. Any church would be glad to have me join. And every bar is pleased to see me put my money down."

"To every man, the center of the universe is himself," I said. "Man is an ego-centric creature."

"You are college," said Simple. "So I reckon you know what you are talking about. Tell me, do Mr. Nixon play golf, too?"

"Why do you ask?" I said.

"Because I see where he is going to run for President. Do you reckon, if he gets elected, he will spend as much time on the golf course as do Eisenhower — and in Jim Crow Augusta?"

"I have no idea," I said. "What Nixon does for recreation. But any white collar job like that of being President is going to be considered in the Jim?"

"Do they have to take it in Georgia?" asked Simple. "We have some fine golf courses right here in New York City, also Chicago, else Los Angeles. Sugar Ray and Joe Louis both plays golf. I have not heard of Eisenhower playing with them boys."

"The President has his own circle of friends," I said. "Who a man plays golf with is his own business."

"Mine, too," said Simple, "when he is President."

"Golf knows no color line," said the Augusta Country Club do," said Simple. "In Georgia every hole is Jim Crow."

"Your political perspective is entirely warped by color," I said. "If Nixon becomes President, and he does play golf, do you want him to only play on Northern courses?"

"I do," said Simple. "And to announce it in his platform."

"If he did, he would not get a single Southern vote."

"If he don't, he will not get golf, too," declared Simple. "GOLF WHERE I CAN'T GO, else I DON'T GOOF WHERE I show up myself to golf, goof, CAN'T GOLF is my motto for all future Presidents."

Dope And Data

LAGOS, Nigeria — Red China Revolution.' (Over 600 pages) for every annual subscriber. I discovered that these advertisements were placed directly by mail from Red China and the money for the space was sent in advance or accompanied by the advertising copy.

The Red Chinese are not only pushing their periodicals in Nigeria but the head of the Trade Union Congress of Nigeria was invited to visit Red China and was given a royal welcome there by the Chinese big shots.

This visit, incidentally, aroused considerable controversy in the Nigerian labor movement and the TUC leader has been under fire ever since he came back.

I have been told also that the Red Chinese are actively pushing their periodicals in Nigeria and they have participated in a big way in African Trade Exhibitions, notably a recent one in Tunis.

Everyone is alert to Russian propaganda efforts in Africa but it is beginning to appear that the Red Chinese are working just as diligently and smoothly as the boys from Moscow. Incidentally, it has been reported that Moscow is providing a 25 million dollar radio transmitter for Guinea and it will be powerful enough to cover the continent.

The battle between the East and the West for the minds of the Africans is going to get hotter in the months ahead. At the moment I believe that most of the West Africans, certainly Nigerians, have no keen interest in

Communism. Because of this the Reds seem to be promoting the doctrine of neutralism and appealing to the pride of Africans, telling them that they should not be the tail of anybody's kite and should remain aloof from foreign alliances and preserve their new won independence.

It is to the great credit of Chief Obafemi Awolowo and many other national leaders in Nigeria that they have firmly rejected this neutralism line. These leaders want to make the democratic principles of individual liberty, freedom of press and speech which are espoused by the West really work in Nigeria.

Nevertheless, the Red Chinese and the Russians seem determined to find some way to drive a wedge between the Africans and the West. The great economic problems of Nigeria and other African countries, particularly the matter of unemployment, are made to order for the Red propagandists. Further have shown enough interest in helping the Africans work out their problems. We are going to have to roll up our sleeves and go to work in Africa and throw all of our racial and color prejudices out of the window. We have an advantage now because the Africans really prefer the Western culture but we cannot take anything for granted. As the saying goes, an empty belly will make a monkey eat red pepper.

## Close Library After 20 S. C. Pupils Use It

GREENVILLE, S. C. — (UPI) — The Greenville (S. C.) County Public Library was closed Tuesday after some 20 Negro high school students entered the building and made use of its facilities. The Petersburg, Va., City Council Tuesday night rejected a request for integration at the city's public library and passed an ordinance prohibiting trespassing on city property.

The sitdown protests also were having their effects in the North. At New Brunswick, N. J., some 250 Rutgers university students staged a rally Tuesday to protest the arrest of Negro students at Nashville. And a district local of the International Union of Electrical Workers announced plans to picket New Jersey branches of chain stores involved in the southern sitdown demonstrations.

**THREE KENYA COEDS** — These three Howard university home economics students (seated) are among 81 students from Kenya, East Africa who arrived in the United States last fall to enroll in American colleges and universities. Shown as they get a briefing on food preservation from Dr. Flemmie P. Kittrell,

head of the department of home economics, the coeds are (from left) Grace Mugoni of Mavagoli, Patricia Ododo of Yala and Grace Wagemu of Nairobi. They are working part-time as teachers of Swahili language courses in the African Studies program at Howard. All are former grade school teachers in Kenya.

Grace Wagemu also was employed as a welfare worker and headmistress of a homemaker training center. She and Grace Mugoni plan to resume their teaching careers when they complete their college training, and Patricia Ododo wants to work in the field of child development.

## Jets Didn't Wait For Writer's 25th Century

NEW YORK — (UPI)—When you read reports that the next step in tourist travel may be rockets that whisk you from New York to Tokyo in an hour, Los Angeles to London in 40 minutes — don't laugh. But on the other hand, keep some heavy grains of salt handy.

Consider: The year was 1935; the magazine, Vanity Fair; the writer, Paul Gallico, who had been interviewing some experts and who had become unhappy with Sunday — supplement arti- cles about flight in the 25th century.

These newspaper pieces, he wrote, always showed "fantas- tic — looking flying machines" and to go with the drawings were quotes from some local crackpot scientist who visualized:

**PREDICTS SPEED**

"Flights to Europe accom- plished in five hours or less, excursions into the strato- sphere, dazzling speed, etcetera, most of it 18-karat balo- ney."

Within five years, he predict- ed, "You may leave New York

at 8 o'clock of a Sunday morn- ing, rain or shine, and glide to a landing in London at 1:05 p.m. Monday afternoon. . . the flying time will be around 24 hours."

Well, as everybody knows, this is not exactly the 25th cen- tury. It's only 25 years after that article was written, and the same airline schedules New York-London flights in six and one-half hours and round-the- world service, San Francisco, to San Francisco, in 57 hours including time lost at stops.

## Memory Drug For Mental Ills

LSD-25, a drug capable of bringing back childhood mem- ories with the sharpness of a 3-D movie, is helping fight men- tal illness in persons formerly considered hopeless, two psy- chiatrists have announced.

Drs. Arthur L. Chandler and Mortimer A. Hartman of the Psychiatric Institute of Beverly Hills, Calif., reported on the use of the drug (Lysergic Acid Diethylamide) in 110 patients in the March Archives of General Psychiatry, published by the American Medical Association.

"With LSD as an aid, it has been possible to 'reach' and work with patients who are otherwise unresponsive to psy- chotherapy," they said.

"... there were a number of cases in which previous thera- peutics with several differ- ent therapists, had produced little or no improvement but in which introduction of LSD-25 effected a real breakthrough, followed by continued thera- peutic improvement."

They also said "because ini- tial therapeutic gains can oc- cur in a dramatic manner and, after a shorter period than is the case with psychotherapy in the general, some patients have sought treatment and benefited who would never have accept- ed the long-term schedule re- quired in psychoanalytic or most other forms of psychothe- rapy."

The 110 patients studied in- cluded psychoneurotics and

## Solons Set Up Cots For Rights Filibuster

WASHINGTON — (UPI) — Aides set up cots Sunday as the Senate prepared to begin round-the-clock debate to exhaust the civil rights filibuster of 1960.

The 24-hour schedule was set by Sens. Lyndon B. Johnson (D-Tex.) and Everett M. Dirksen (R-Ill.), leaders of their respective parties in the Senate. Their aim: approval of some civil rights bill.

Some such device became necessary when it became clear that the House would not act on civil rights legislation until mid-March. The Senate's own civil rights bills have been bottled up in the Senate Judiciary Committee and there was no other avenue for the promised senate action.

More are forming, but little has been done in southern states as yet because the plan could not be started until Rockefeller withdrew from the GOP presidential picture.

The Nixon friends said the underlying purpose of the new clubs is to organize independent voters and Democrats — the so-called "swing" vote — along with previously inactive Republicans.

## Morse Blasts Nixon Foreign Policy

HOUSTON, Tex. — (UPI) — Sen. Wayne Morse (D-Ore.) said Saturday that one of the Democratic party's greatest tasks in the 1960 elections campaign will be to "set the record straight" about Vice President Richard M. Nixon's foreign policy record.

Morse said Nixon now is "trying to drape himself in the Eisenhower cloak of world traveler." But, he said, Nixon must be held accountable for playing a "vital" part in the "brinkmanship" philosophy of former secretary of state John Foster Dulles which "trafficked with American lives" during the Indochina crisis and brought the U. S. to the brink of war "several times."

In an address prepared for delivery to a statewide meeting of Democrats of Texas clubs here, Morse said the GOP "And its emerging leader, Mr. Nixon, are no men of peace."

## Pope Nearly Mobbed By Enthusiastic Crowd

VATICAN CITY — (UPI) — Pope John XXIII said Monday that his visit to a poor, Communist section of Rome brought out such an enthusiastic reception that "Police had quite some trouble protecting my physical safety."

# A Girl's Best Hat . . . (Anytime) Is A Friend

### SOME WOMEN WEAR HATS BECAUSE

A hat can ward off a cold in the head or a bout of sinus.  
A hat can keep the blinding sun out of your eyes.  
A hat can prevent the wind from robbing your hair

### BUT, SOME WOMEN WEAR HATS BECAUSE

A hat can be a cosmetic, a beauty treatment, almost a plastic surgeon.  
A hat can pretend your skin is magnolia. (Try a beige veil.)  
A hat can uplift face lines that are downward bent. (Upcurving brim)

### AND, SOME WOMEN WEAR HATS BECAUSE

A hat (white one) can discourage a taxi from bumping into you on dark nights.  
A hat (red one) can encourage a beau to jump into you.  
A hat (new one) can give a three year old suit a

### AND, STILL OTHER WOMEN WEAR HATS BECAUSE

A hat can lie like a trouper about your age.  
A hat can pick you up when your best friends have let you down.

● OF COURSE, you could go without any hat at all. If you have the prettiest face in the world, perhaps you don't need any blandishment, and life, any flattery, any ornament, any help, any of the coopera-

A hat can stave off a batch of freckles.  
A hat can keep your head nice and dry in the rain and snow.

A hat can feign height. (High trimmings)

A hat can deepen the baby-blue of your eyes. (Blue hat)

A hat can soften a sharp profile (flower hat); also can broaden a receding chin, minimize poor feature, play up a good one.

## Merry Go-Round

BY MARJORIE I. ULEN

There's a way to break winter doldrums . . . and several of our socialites have found the answer to be a trip out of town. Charming Mrs. Leland (Julia) Atkins . . . who puts her shoulder to the wheel of any worthy cause . . . chose a visit to Chicago with the Dr. Maurice Gleasons, erudite Elizabeth Gleason being Dr. Atkins' aunt . . . both of whom are frequent visitors here. Julia says that she found the Windy City a perfect place to rest . . . what with the frigid weather outdoors there, she enjoyed ten perfect days of rest, made interesting with the enjoyment of several plush restaurants with distinctive meals. Mrs. Gleason who is also a Dr. Gleason, in addition to several degrees has a Ph.D. degree in library science, and is currently studying African culture.

For the Maceo Walkers there were two gala week ends in several midwestern metropolises. Returning home from the week end of parties with St. Louis' Duplicates club, and while in Kansas City, Mo., the guest of Miss Evangeline Hibler who had bachelors and benedicts looking her way when she visited the Walkers Thanksgiving before last . . . the indomitable Harriette and Maceo and Dr. and Mrs. A. Byron and Rachael Carter braved the elements and took to the air to attend the Detroit Pinocchio club's famed weekend, both the guests of Dr. and Mrs. J. B. Martin, Jr. The Walkers and the Carters have received bids for two consecutive years now . . . and even though snow and low ceiling deterred their arrival in time to attend the smart cocktail supper of the Motor City's well-known Dr. and Mrs. Boynton Milton on Thursday, they are loud in their acclaim of the lush hospitality of their hosts.

Ensnared in the Sheraton Cadillac hotel, as were all of the Martin guests — five couples, no less — the ladies received fresh orchids daily . . . limousine service to and from their round-the-clock entertainment, and when time came to chagrin (and pleasant impact) to find that their hosts had already picked up the hotel tabs. We call this diamond carpeted hospitality!

A digest of the stellar week end includes Dr. and Mrs. Martin's brunch on Friday afternoon feasting their guests . . . the black tie dinner dance held at the Sheraton Cadillac for all guests and all of the members of the club, one member being our own Dr. George Biram, who had their choice of lobster or fillet mignon . . . Saturday's pre-formal cocktail party of Dr. and Mrs. T. A. Brown, which preceded the pinhole club's exclusive formal dance, which honored the member's wives in the Sheraton Cadillac's Crystal ballroom.

All Memphis may take note that formal in Detroit means just that . . . every male in white tie and tails . . . any attire short of that is refused admission! On Sunday morning there was the smart breakfast party of Atty. and Mrs. Pinches Peterson, prior to the flights back to Memphis.

Other guests of the Martins, of interest to Memphis, were the Ernest Blonds of Washington, D. C. and the C. B. Cookes of Cleveland, Ohio. Mr. Filand and Mrs. Cooke, former Memphians, Mrs. Cooke being Mrs. Martin's sister, the former Catherine Bonner. Among other guests attending the dinner event were Dr. and Mrs. Weldon Smith (she's Weldon Sutherland) of St. Louis, as was Dr. and Mrs. Herbert Irwin . . . and Chicago's Dr. and Mrs. Ted (and Bea Mea) Howard, Dr. and Mrs. Ronald Jefferson, and Dr. and Mrs. Cyrus Carlton. For the record . . . Mrs. Martin had eyes turned her way admiringly when she wore her newest fur coat — an otter in trench coat style with a sable collar!

## The JACKSON Scene by Anna C. Cooke

It may not seem that spring is on its way by the weather but the usual activities that take place during the spring season have already begun to take shape.

Echoes are still ringing about the "Miss Bronze West Tennessee Pageant," the first of its type to be held in Jackson. The lucky young Miss to wear the title of Miss Bronze West Tennessee for one year is Miss Leatha Jones, a Merry High school senior, daughter of Mrs. Louise Smith of Jackson. The exceptionally talented student sang her way to a year's scholarship to Lane College.

In addition Miss Jones was recipient of a dozen American Beauty roses from Burnley's Flower Shop, a sports outfit from Hollands, a two piece luggage set of white leather from Rainey-Bond Furniture Store, Springfield and Buchanan's Groceries, dress shoes from Bond Shoe Store, Identification Bracelet from Rowe's Jewelry, bed spread from Shainbergs and wall picture from Kirby Jones Furniture Store.

All performances were superb from the 16 entries but five finalist had to be and finally were after difficult judging. Four runner-up honors went to Miss Claudette Hunt, daughter of Mr. and Mrs. E. W. Hunt of Jackson; Georgia A. Heggie, daughter of Mr. and Mrs. G. The many outstanding qualities of the well-known matron, who is the wife of J. F. Brittenum, local undertaker, were brought to the attention of the public by the local white chairman.

Presently, Mrs. Brittenum is an instructor in the Department of Business Education of Rust College. She is treasurer of the Mississippi Conference of the Women's Society of Christian Service of the Methodist church and holds membership in the Memphis chapter of Zeta Phi Beta sorority.

And . . . speaking of Zeta Phi Beta . . . we are reminded — and we now remind our readers, that Sunday night, at 8:30 p. m., the lights will go on the arena of Ellis Auditorium's vast amphitheatre, for thousands to witness another beautiful "Holiday On Ice" spectacular. This event has taken its place in the hearts and minds of young and old alike and we annually look forward to witnessing the colorful show, and to enjoy the camaraderie of seeing so many family groups gathered to enjoy the event which provides bountiful rewards for local charity and scholarships.

Lillian Taylor of Bells; Misses Mildred Comer and Deloris Woods from Denmark; Miss Dorsey B. Ross of Henderson; and Miss Frances Sullivan of Humboldt. All girls were high school seniors.

It was a beautiful sight to behold when Miss Bronze walked, draped in the gorgeous velvet robe with lighted wand, waving to her subjects while Frank Ballard sang and her court waited patiently, attired in lovely white floor length formal, each with a hand corsage. The grand ball followed immediately with music furnished by Philip Reynolds and his orchestra.

This will be an annual affair sponsored by the Jackson Chapter of Delta Sigma Theta Sorority as a scholarship project.

**TO STAGE TALENT HUNT**

Plans are in the making to feature this year Miss Mary Rose Rodgers who too first place honors two straight years and represented Theta Iota chapter at regionals in Memphis and Knoxville, Tenn. She is at present enrolled in Fisk university as an early entrant student.

Also during the same week keep in mind the annual Night of Plays to be presented at Merry High school on Tuesday, March 15. The plays will be presented by the freshmen, sophomores, juniors and seniors with the senior play being taken to the symposium to be held at Lane college. The winning players will receive awards for best acting.

This dream was that the scholarship project of Delta Sigma Theta Sorority could be presented in a pageant depicting the beauty and talent of the worthy young ladies competing for a scholarship.

This dream was received and nurtured by the Sisterhood of the Jackson Alumnae Chapter and action started. The name "Miss Bronze West Tennessee Pageant" was the title given this dream.

There is always pleasure in reaching a result in seeing a dream materialize. Great was the joy shared by Soror Cooke, more than 500 guests and the 16 contestants, as one by one the scenes of this dream unfolded in the auditorium of Merry High school in Jackson, Tenn., on Feb. 26, 1960.

### GUIDEPOST

Musing: Anxiety. St. Paul has a simple formula for the relief of anxiety in this letter to the Philippians. "Have no anxiety about anything," he says, "but in everything by prayer and supplication with thanks giving let your requests be made known unto God. When anxiety threatens, go immediately to God in prayer. Commit the whole matter unto Him. Remember to thank Him for past deliverances. Then in the confidence that all is under control, give your attention to other affairs, and allow God to fill your mind with peace.

This in no way relieves us of the responsibility for doing something to right those conditions that irritate our situation and over which we have some control. . . . If you become angered when someone does not show you the respect you feel he should, you are on dangerous ground. Since the incident is a threat to your prestige, anger quickly stirs up anxiety. The next time it happens remember to react instead with a sense of humor. . . .

Dear Carlotta: I am anxious to buy a home. My wife and I are both young and working. We look forward to having a family. Do you think we should buy in the city or suburbs? John.

Dear John: If you are to buy in the suburbs, think of the working conditions. Think of your place of employment, the hours of work and transportation. For the future, think of the children, the potential schooling and recreation facilities. Think of your wife. . . . who will be a mother, shopping centers should not be too far away and the home should be reasonably near to churches.

If you do buy a home, one of the most serious things to take under consideration is not to overbuy. The purchase of a family home should be in the light of the family's ability to pay.

Dear Carlotta: I received a bill that my wife has made at a department store after I had put in an ad that "on and after" certain dates, I would no longer be responsible. What can I do? C. B.

Dear C. B. The advertisement itself cannot relieve the husband of liability for purchases made by the wife in establishments in which she has been accustomed to shop and whose shopkeepers have been accustomed to receiving payment by the husband for such purchases—unless the husband makes it known to each such tradesman, in person or otherwise, that he

## Trotters' All-Stars Clash At Stadium Saturday, April 2

Chicago's twenty-first annual basketball classic, pitting the 1960 College All-Stars against the famed Harlem Globetrotters, will be held Saturday night, April 2, at the Chicago Stadium.

Selection of top college seniors to oppose Abe Saperstein's celebrated traveling team will be made as soon as players complete their college competition. No attempt will be made to sign players deemed to have a chance for the 1960 United States Olympic team, or those who still have collegiate competition remaining in baseball, track, or other sports coming up.

The game will write fits to the Globetrotters' 33rd consecutive season of play, which began last mid-October and has continued on a daily play basis — and sometimes two games a day — ever since. The Trotters' next action will be their eleventh annual tour of Great Britain, the continent of Europe, parts of North Africa, and, possibly, Russia again, starting the third week in May.

Tickets for the game, which is being sponsored by Chicago's American for its disabled veterans fund, are now on sale at the American, the Stadium, and 130 N. LaSalle st. Reserved seats are \$4, \$3 and \$2, and general admission to be placed on sale at the Stadium the evening of the game, \$1.25.

## Tenn. State Ends 2nd Clinic Roster

NASHVILLE — University of Michigan's athletic director H. O. "Fritz" Crisler completes Tennessee State University's second annual Blue Ribbon Coaching Clinic staff. Dr. Carl M. Phipps, clinic director announced today.

Crisler and Sweeney Pipers' basketball coach J. B. McLeander bring the staff to a total of eight clinicians excluded to return for the clinic. Staff, McLeander, who was the Big Blues' three-in-a-row N. A. I. A. basketball championship coach, switched to NIBL coaching this year and is slated to return for the clinic.

Along with Crisler, Syracuse's head football coach Floyd Schwartzwalder and Vanderbilt's basketball mentor Bob Polk will be the newcomers at Tennessee State's second annual clinic, May 1 through June 3.

Clinic director Hill, Tennessee State's dean of faculty announced that last year's staff of Ohio State's Woody Hayes, Miami's State's Bob Vanetta, Morris Brown's Edward "Ox" Clemons, and Big Ten Commissioner Tug Wilson, along with the University coaching staff will return to this year's Blue Ribbon teaching staff.

Coach of the year Schwartzwalder piloted the Orangemen through ten straight games for the 1959 grid crown and captured the Cotton Bowl game on New Year's Day.

Polk has one of the top records in the Southeastern Conference during the past 13 years as Vandy's career mentor. Polk set out last season because of a heart ailment, but is only topped in SEC service by Kentucky's Adolph Rupp and Tulane's Cliff Wells.

BACK TO DEFEND — J. Wilbert Sims, one of the nation's top bowlers, has expressed his intent to be on the scene when the action opens in the sixth annual Chicago Daily Defender Men's Diamond Singles opens at Park Manor Bowl, March 18-20.

PHILADELPHIA — (UPI) — Promoter Herman Taylor announced that a 10-round bout between lightweights Len Matthews and Lahouari Godhi, scheduled for March 14, has been postponed until March 15.

# Roach Wins 4th North-South

## Tops Pete Brown To Retain Crown

MIAMI — Golfer's golfer Joe Roach has done it again—the Miami-born, sometimes resident of St. Louis, now hailing from Los Angeles, is a fourth-time winner of Ray Mitchell's North-South Winter golf tournament, played last week at Miami Springs Country Club.

For two days, Roach, one of the finest stars of the links, ran neck and nose with pro winner Pete Brown, Jackson, Miss., who, unknown in this tournament, won the money-or-nothing division with a fancy even par score of 271 for 54 holes. Roach was in on the first day of play with 68, one stroke ahead of Brown and tops for the day. Second day of play saw Roach in at 70, Brown again with 69.

Brown went two over par on the last day losing his two under par advantage but finishing with even par for the tournament. Roach had to settle for a five over par, rain and wind

hampered 75 for a total of 715 for the 54-hole route, a 4th Mitchell title and another Coca-Cola-donated trophy.

Myrtle McIver, Dayton, Ohio, winner of the women's championship, like Brown, is a new face in the Mitchell winners ranks. Miss McIver defeated 1959 champion Elizabeth Wright, New York, by one stroke. Defending pro champ, Sgt. Cliff Harrington, Fort Campbell, Ky., finished three notches back of Brown with 213. Washington's Ray Botts, 219, 1959 UGA champion, now of Los Angeles, settled for second to Roach, his new citymate and playing companion. Pro-am honors were taken by Ted Rhodes, St. Louis, and James Walker, New York, with best ball score of 65. William Bishop, Philadelphia, and amateur Tom Brisson, New York, tied with Jimmy Lacount and Am Willie Lazier, Opelocka, Fla., with 66s.

In the senior men's division, Dr. C. O. Hilton, Newark, Dr. Charles Henry, Dover, Del., and Dr. H. M. Holmes Atlanta, came off the 54th hole one-two-three. In addition to Brown and Harrington, the pros finished in following order—Rhodes, 216; Sgt. Sam Woodson, Fort Jackson, S. C., 218; Herman DuBois, New York, 219; Zeke Hartsfield, New York, 220.

Others, John Sanderson, Galveston, Texas, 222; Jimmy Lacount, New York, 224; Herbert Brown, Miami, 225; Jimmy Clark, Dunnedin, Fla., 225; Fred Owens, Winter Haven, Fla., 230; and Jimmy Taylor, New York, 228. Top prize money was \$325.00 with other purses being reduced to a total pot of \$1,500. Plans are on foot to make this a \$10,000 tournament.

## 'Big Daddy' Set For Stadium Mat Display

Gene 'Big Daddy' Lipscomb, Baltimore Colts great tackle who wrestles during the off gridiron season will clash with two opponents, Saturday, March 12, in the Chicago Stadium.

Lipscomb will face both Cowboy Bob Lee, 225-pounder of Del Rio, Texas, and Tommy O'Toole, of Phoenix, Ariz. The match will be to a one fall verdict with a 5 minute limit. The match will be over when Lipscomb gains a fall over one of his rivals or either O'Toole or Lee pins the Negro star. If the bout goes the limit with neither Lipscomb or his opponents gaining a fall, it will be a no decision affair.

The match is featured on the Stadium card that has a tag match in the main event with "Killer" Kowalski and Don Leo Jonathan wrestling the team of Pepper Gomez and Lou Thesz. There will also be a midjet tag match on the card.

Getting back to Lipscomb, the 288 pound football and wrestling star is a product of Detroit, having been born in the Motor City August 9, 1931. He attended Miller High school in Detroit and went to a football career from there. Lipscomb was with the Los Angeles Rams in 1953 and was a defensive end in 1954. He then went to the Baltimore Colts, in 1955. To the fans he has been known as 'Big Daddy' because of his height, six feet, six inches.

In the main event both Kowalski and Jonathan are 275-pounders and each is six feet,

## Wilt Selected For Double Pro Honors

ST. LOUIS — (UPI) — Wilt Chamberlain, star of the Philadelphia Warriors, won both the "Player of the Year" and "Rookie of the Year" honors for 1959-60 in the annual poll of the National Basketball Association's players, the Sporting News announced.

Chamberlain, 7-foot, 1-inch pivotman who has broken almost every scoring and rebounding record, also was selected on the Sporting News NBA All-Star Team in the voting of players, along with Bob Pettit of the St. Louis Hawks, Elgin Baylor of the Minneapolis Lakers, Bob Cousy of the Boston Celtics and Gene Shue of the Detroit Pistons.

Pettit, Baylor and Cousy were also picked last season. Pettit was "Player of the Year" and Baylor the "Rookie of the Year" for 1958-59.

Players were not permitted to vote for any of their teammates under the rules of the poll. The Warriors refused to vote for anyone else and therefore did not cast their ballots. Chamberlain's team members indicated he had no competition for either honor.

## NBA Gives Archie His Crown Back

NEW YORK — (UPI) — The National Boxing Association, in an unprecedented action, re-instated Archie Moore as world light heavyweight champion.

Moore, 45, had his title vacated by the NBA on Feb. 15 for his failure to defend within the required six months' period.

The NBA's executive committee, voted to re-instate Archie with the proviso that he defend his 175-pound crown against Erich Schoepner of Germany and that the Moore-Schoepner winner defend within 90 days against Harold Johnson of Philadelphia.

Anthony Macaroni, NBA president from Providence, R. I., announcing the re-instatement after an executive meeting, stressed that the committee had agreed to the re-instatement by a majority vote.

Macaroni emphasized that the vote was favorable because new facts were presented at the meeting about Moore's previously - almost - completed negotiations with Schoepner, which had not been made available to the NBA when it vacated the title.

The new facts were presented by William George of Jersey City, N. J., attorney for the absent Moore, and manager Jack (Doc) Kearns.

Macaroni said the Moore-Schoepner bout would be staged in late July or early August by promoter Jack Fugazy of Feature Sports, Inc., at a site to be selected later.

Macaroni said that both Moore of San Diego, Calif., and Schoepner would have to post a forfeit of \$5,000 each with the NBA to guarantee, in case of victory, a defense against top contender Johnson.

The decision re-instating Moore required such long debate and consideration that the NBA meeting was forced to shift from the committee room originally occupied at the Astor hotel to a smaller room.

Macaroni said Kearns and George had photostatic copies of agreements completing negotiations for the Moore-Schoepner fight before Archie's title was vacated. Those photostatic copies will be sent to him next week, Macaroni said.

Fugazy appeared at the meeting and backed up the statements of George and Kearns.

Kearns and George pointed out that they had not notified the NBA of completed negotiations with Schoepner because such a notification, if made public, would have ruined Moore's chances of getting a heavyweight title shot at Ingemar Johansson. Kearns told the committee, "at that time, the negotiations for a heavyweight title fight between Johansson and Floyd Patterson were very delicate and Archie apparently had a very good chance to move in as challenger in a big money fight with Johansson."

Kearns apologized sincerely to Macaroni for having been responsible for the unfortunate situation in which he put both the NBA and Moore.

It was the first time in the NBA's history that it ever re-instated a champion after vacating his title.

# NBA Decision Delights Moore

By DALE BRIX

SAN DIEGO, Calif.—(UPI)—Archie Moore, patriarch of the boxing world, hailed his reinstatement as light heavyweight champion as a load off his mind.

"I'm very appreciative you called," Archie said when informed by United Press International of the lifting of the suspension by the National Boxing Association. "With all this added weight off my mind, I can go into training."

"I'll take some weeks," he added, "to get my weight down. I'm nearly 40 pounds overweight. I've been doing a lot of public relations work, you know."

Moore—who is either 44, 45, 46, 47 or 48 depending on who you talk to — was stripped of his title Feb. 15, for failing to defend his title in the required six months.

"I expect to defend my title in about three months," Archie said. "But I don't know who with."

The executive committee vot-

ed to reinstate Moore with the provision that he defend his 175-pound title against Germany's Erich Schoepner with the winner of that bout taking on Harold Johnson of Philadelphia.

"My next fight probably will be with that German lad," Archie conceded.

Referring to Johnson, Archie

said he is "a good boy" but that he has fought him before. Moore — obviously confident of whipping Schoepner — added: "Unless he can create enough sensationalism in fighting, I'm not interested in meeting him again."

Moore said he would favor the suggestion that a tournament be held to pick a challenger for

any champion.

"One or two fighters might show up that would become popular with the public," Moore said. "You could kind of weed out the kind of challenger you don't want and go on from there."

Moore recently completed his first movies — as Jim in the remake of "Huckleberry Finn."

## DOUGLASS HIGH SCHOOL ROUNDUP

By ARNETTA RAINY

### VOCATIONAL ED

Vocational Education is training for any trade, occupation, or profession. All education tends to train a person for his life's work, but specialized training for a particular job must begin early. As soon as a student decides what general field he wishes to work in, he should seek advice on how to fit his education to his vocational needs.

He will probably find many books and magazines which are related to the type of work he intends to do. Even his hobbies and his activities at school may contribute to his vocational education. Many elementary and high school teachers today are being trained to help prepare us from an early age, for work in our chosen fields. Their counsel and assistance can be of great value to students.

### TYPES OF TRAINING

Many good jobs can be held only by persons who have at least a high school education. The elementary education major graduate should consider this fact in choosing his high school course. The proper education will not only help us to get a job, but it will also help us to progress more rapidly.

In high school, the students should choose their elective subjects so that they form a basis for later job training, whether at college, in a trade or professional school, or as an apprentice on the job itself. We should find out whether we will need a knowledge of English, mathematics, the social studies, mechanical or architectural drawing, commercial art, industrial arts, or other subjects. It is very likely it will be of great help in our habits of study will greatly determine what the student later working habits will be. And such working habits will naturally affect his progress, his salary, and his personal satisfaction. It is a very good idea to cultivate efficient and thorough habits of study and concentrated work while in school. Once such habits become well-established, work becomes easier and more enjoyable.

### DOUGLASS DEFEATS MELROSE 54-43

The Douglass "Red Devils" made basketball history Monday night in Melrose gym. The game between Douglass and Melrose was "the game of the year" or "the Championship game." Students, as well as the faculty and principal wholeheartedly supported our game.

Just before the game Monday, we had individual class room pep session. After this, a general assembly was called and there the members of the basketball team had an opportunity to say words of inspiration to the students. Several of the fellows promised to bring the Championship home. All I can say is that, whether the team was lucky or many of the students had their fingers crossed or what, but anyway, the team had the inspiration and the support of the student body and they went all the way to victory.

We were quite happy to have the presence of our former principal, J. D. Springer, at this event. We think he too, served as an inspiration.

Douglass has now had definitely made history. For the first time in 15 years, Douglass now has a good team and a good coach to make them champs. Both of the teams played an exciting and interesting game to the end.

Coach "Bill" Little, you have been an inspiration to the team and student body this year. We, the students, faculty, and principal would like to thank you for the kindly and sportsmanlike manner you have taught the team to play, and to play from their hearts.

To the ten members of the Basketball Team: John Rhodes, Robert Manning, Odell King, William Brown, Willie Kimmons, Jack Ballard, Joseph Norman, William Hutchinson and Maurice Tucker, all of you are now the City Champs of 1960, and your trophy is on display in the office. It is truly a beautiful trophy. To you who have not as yet seen it, you must come by and see the trophy. To the team and coach, you are doing a wonderful job. Continue. Good luck fellows in the tournament. We are behind you all the way!

### TOP TEN CHAMPIONS

John Rhodes, Robert Manning Odell King, William Brown, Willie Kimmons, Jack Ballard, Joseph Norman, William Hutchinson and Maurice Tucker.

## Booker T. Washington Senior Writes Prize Winning Essay

During the Brotherhood Week Program at Booker T. Washington High school, Miss Annette Nelson, a senior who lives with her parents, Mr. and Mrs. Knox Nelson, at 1029 S. Fourth st., received the first place award, an inscribed fountain pen, for the best essay on the subject, "How I Practice Brotherhood."

Harold Sklan, member of the Memphis Round Table of the National Conference of Christians and Jews, Inc., was the guest speaker on the subject, "Brotherhood — Believe It... Live It... Support It." He presented the award to Miss Nelson.

Also on the program were members of the dramatics club reciting in chorus, passages from books of the Bible — Micah, Malachi and Psalms; the senior glee club, under the direction of E. L. Pender; the St. Cecilia Glee Club, directed by Mrs. C. R. Johnson; J. W. Westbrook, assistant principal, who presented the award winner; J. D. Springer, principal, who introduced Mr. Sklan, and Rev. J. A. McDaniel, executive secretary of the Memphis Urban League.

Miss Nelson's winning essay follows: "How I Practice Brotherhood" "I practice brotherhood by wearing a smile, by saying kind words, by being a loving

friend, and by being a good citizen.

These acts of kindness can mean so much to people who are frustrated, nervous or downhearted. I believe the smile I wear radiates rays of friendship to people who may be unfortunate, unhappy, sick, either mentally or physically. I also believe that if I smile, the world will smile with me.

"I speak kind words to dispel anger, to give encouragement to the heavy laden and grieved and to scatter sunshine as often as I have an opportunity. One kind word may be the turning point in someone's life. Many of my friends have been uplifted, persuaded to lead a better life, and to hope for better things because of kind words I have spoken. The unfortunate children often ask for help — this I give with kind words.

"In my practice of brotherhood, I have found that it takes neither money, prestige nor extraordinary deeds to be brotherly. So, I neither desire nor expect anything in return for the kindness I do for others. All I do, I do as my Christian duty. I try to treat others as I should be treated because I am my brother's keeper.

"I practice love, understanding, tolerance and friendliness in my daily activities toward my fellowmen. Being a friend to the destitute, giving food to the hungry, and clothing to the needy are brotherly deeds which make life worth living. This love and friendship will cause much happiness.

"I practice brotherhood by being a good citizen who is always ready to come to the aid of his fellowmen. These may be young, old, rich, poor, low, high, Negroes, Jews or Gentiles. I try to realize the fundamental value of service so that I can render aid and service without looking for personal gain. I respect the law, the rules and regulations at work, at play, at home, at school, at church, at club meetings, at dances, at athletic games, and at public places of amusement. Then, when I am old enough, I can take an active part in the community life by voting.

"Brotherhood encouraged by President Eisenhower has helped me to conclude that I can think peace, talk peace, and live peace. So, I do my part wearing a smile, speaking kind words, being a fervent friend, and by being a good citizen."

By DEVOIE WEBSTER AND CLARENCE SMITH

Hello Mad Lads and Cool Chicks, here are your "on the spot" teenage reporters," to bring you up-to-date on the latest happenings around the various high schools in the way-out town of brotherly love.

### SPORTS:

The Melrose Golden Wildcats edged the Carver Cobras (58-55) in a contest that could not be termed as anything but a cage thriller. Stovall of Carver electrified the spectators as he literally jammed basket right the face of Butler, who also did some outstanding ball handling for Melrose.

Also last week the Douglass Quintet defeated the Manassas Five to clinch the prep league title.

### SIDELINE

It has been said that the Father Bertrand Basketeers are awful glad that the season is over so that they will have time to study a book titled, "How to win more games next season."

G. A. (Adapted) Beatnik version of the Gettysburg Address as told to a fellow beatnik, Like Cool Man!

Fourscores and like seven years in the past, our mad dads made the scene with a new group grooved in free kicks and hep to the jazz that all cats make it the same.

Now we are hung up in a crazy big rumble digging whether that group or any group so grooved and hep can keep on swinging.

We are making it on a wild spot of that rumble. We have got eyes to eat a little of this spot as a last lay me down for those who sn't the scene... that their group might still score!

Frantically, cool and jazzy we are on this kick, but at a bigger hassle we can't even cue in on this jazz. The cats with us down under who flipped here have pegged it straighter than we could mess with. Squares will never buy this bit or dig the lyrics that we spied here. But they can't ever put down what those studs did here.

It's for us the on cats, who ought to pick up on those still walling blues which the off cast gooped here have blown so crazily on till now.

Man like really they ought to be here with eyes fixed on this wild gig; that's all the action from these way-out studs, we get a little higher on the kicks which they went and flipped their lids.

That we take on to set straight so that those cats should not have kicked off square. That this new group under God shall blow a crazy sound, and that a flaming Combo, of the hipsters, by the hipsters and for the hipsters shall not cut out from this scene!

### COMING ATTRACTION

The Junior Elks presents skating with the Junior Elks, Monday March 14, at the Hippodrome roller rink, 500 Beale, Admission 90 cents.

WHAT WOULD HAPPEN IF? The Model Teens Social club was the most popular club in the city?

The members of the Marquette's social club were as cool as they think they are?

Maurice had a chance with Brenda Harold?

Lawrence Fant's steel jaws would suddenly turn soft?

Clarence Smith made 'A' in Geometry?

A certain senior girl know how much a certain senior boy columnist of the same said school cared for her. (Hamilton)

Those "henpecked fellows" at B. T. W. would stop letting the girls lead them around with an earring around their nose, for instance, D. P., R. H., W. J. W., and B. C.?

Did you see Circle Theatre on TV Wednesday night? The story was titled "Raid in Beatnik Village." It was a very interesting report of what's happening in those parts. Along these lines was the party given by William and Douglass Johnson.

Naturally, it wasn't wild but it just as much fun. They are beginning to be known for their beatnik parties, and everyone was glad when the night finally arrived.

Many on the scene included William Brodnax, Margie DeLouche, Ari Williams, Jackie Mitchell, Chester Moore, Mary Stiles, Charles Clay, Carolyn Williams Maurice Lewis, Patricia Mayo, Carl Moore, Betty Jones.

## IRS Warns Watch Tax Consultant

WASHINGTON — (UPI) — The Internal Revenue Service warns taxpayers to beware of "consultants" whose advice on income tax returns could land the taxpayer in prison.

The IRS said the taxpayer is responsible if a false return is filed, even if someone else filled out the forms.

The agency emphasized, however, that there are competent and ethical consultants, company cashiers, bookkeepers, lawyers, auditors, accountants, bank employees and others who provide valuable advisory services.

It cited examples of some dishonest operators who have gotten taxpayers in trouble with the government.

One shady operator in Milwaukee collected from clients amounts he told them they owned and kept the money without filing their returns.

As a general rule, the IRS warned taxpayers to avoid consultants who have no permanent place of business, claim they can get a big refund. Ask a percentage of an anticipated refund.

# 'Capleville Capers'

By MARIANE L. YOUNG

Out of the goodness of my heart and the many requests I have received I shall tell you something about our school.

Capleville junior high school is located at 4326 Shelby drive, Memphis 18, Tenn. The school has an average of 1,000 students with 32 teachers.

The history of Capleville school began around the turn of the century and reflected the unrelenting efforts of many brave and retiring educators as this institution grew in size and worth through the years.

The school was at the beginning called the "Macedonian Grammar school" and consisted of grades one through 10. The building consisted of a frame structure located at Malone and Whitehaven - Capleville rd.

**PROF. CLARK**

In 1908, Prof. M. J. Clark became the second principal and teacher of the school. A month principals and teachers who served the school in the formative years are Prof. Wade, principal and teacher, Mrs. Cox, teacher and head of the junior high school department, which had been added at that time; Mrs. Elizabeth Townsend, who at present is the illustrious supervisor of Shelby County schools; and Mrs. Gertrude Holmes, a retired teacher who gave 35 years of devoted service in this school and community.

In 1950 with the promotion of Mrs. Townsend to supervisor after nearly a decade of service, E. L. Ford was appointed to the principalship, that position he now holds.

Some of the teachers who served in this period from 1943-1959 were: Mrs. Nettie C. Cross, Mrs. Hattie Pegues, Mrs. Claribelle Weaver and Mrs. Long. Many others served short periods. Some others are currently serving on the faculty now, or on the faculty of other schools in Shelby County school systems.

Today the school has just dedicated a new wing and they are starting, soon, to build a gymnasium.

The school consists of grades one through 10 but will add a grade each year until it becomes a high school.

Quite a change from 1912 the school has a 33 piece band under the direction of Charles Keel and a very efficiently run Student Council with William Faulkner as president.

Some other organizations on the campus are: NHA and NFA, the Beatniks club, Cheerleaders, Girl Scouts, Boy Scouts, etc.

Without being too modest I can truly say Capleville is a very fine school.

**NEWS**

Roy Harris reports for the Capleville Chapter of New Farmers of America says "Like Always we have plans for this month and every month. The program of work for this month is conduct of meetings and school and home improvements. We shall tackle each with all the knowledge and ability possible."

"Then, there is the 'District Elimination' in which we are participants. We, too, realize we have stiff competition, but we also have faith."

March 4 a check was presented to our school by the Memphis Dairy Council. The recipients were our cafeteria manager, Mrs. Faulkner; our principal, Mr. Ford; and PTA chairman, Ms. Margaret Holmes. This check was given because the Capleville junior high school has made the most improvement in the purchasing of milk than any other school in Shelby county.

Brownie Troop 232 and Girl Scout Troop 259 will hold observation of girl scout week this week in the chapel.

Our band director, Charles Keel, informs us that "the school band has planned a public relations program that will bring them to visit all county schools during the months of April and May."

The band's determination is to be one of the most outstanding performing bands during the cotton carnival activities. Considerable amount of work is being done in preparations for this activity.

Plans are being made for the annual band concert that will be held April 15, in the school auditorium. Last year's concert was a great success, however, this year promises to be even greater.

Now, I hate to, but I have to say goodbye, until next week.

## Few In U. S. Drive Safely

WASHINGTON — (UPI) — A safety expert said Monday that only three out of 100 Americans are really safe drivers in traffic because most people don't watch what's happening properly.

Harold L. Smith, a driver training consultant for the Ford Motor Company, told a fleet of safety directors, how the Beatniks club, Cheerleaders, every 100 drivers could learn to operate their vehicles safely.

Smith suggested five rules for better "seeing" at the wheel. They included:

# Killer (Of 6) Says 'It Became Easy'

MIAMI — (U P I) — Once started, killing came easy to 17-year-old Dennis Whitney. He shot his victims in the head because "It seemed like the logical place."

The red-haired youth snuffed out six lives and critically wounded a seventh in a 19-day spree that started in California and ended on a weedy Florida sand dune fronting the Atlantic.

Whitney was captured Saturday and readily admitted to three murders in the Miami area. Then he stunned authorities with the statement:

"I might as well clean 'em all up."

He ticked off the details of how he killed three other men in robberies as he traveled from California to Florida.

Whitney, who has been in minor troubles since he was 10. Started his killing after he left home at North Hollywood, Calif., last month.

The youth's moods flitted back and forth as he detailed his crimes.

## Jo Baker Quits U. S. Very Happy

By EVERETT R. IRWIN  
United Press International

Expatriate Josephine Baker, who has often condemned racial discrimination in the United States and renounced her American citizenship in 1937, headed home to Paris with stirring praise for the land of her birth.

"America is different this time," she said. "I feel it in the air. I see it on people's faces."

She said she was encouraged by what she found during a two-week stage appearance here.

"This is the very first time I've felt confident. I have so much more confidence than the last time I was here," she said. "People are doing things, trying to understand each other. They're getting together."

She said her views of the United States have brightened since her last tour of her native land. That time, in 1951, she had a Dallas salesman fined \$100 in Los Angeles for making a remark about her face and she charged that she was denied food for more than an hour at the Stork Club in New York.
